

NEWS FROM U.S. DISTRICT COURT

April 12, 2021

NextGen CM/ECF is Here! Our court has successfully transitioned from CurrentGen CMECF to NextGen CM/ECF. CM/ECF is again accessible by attorneys and pro se filers who currently have a CM/ECF user account in our court. Before attorneys and pro se filers can access CM/ECF to electronically file documents or view restricted documents, however, they must first link their CM/ECF account to their upgraded individual PACER account.

To link accounts, you must know the following:

- Username and password for your PACER account
- Login and password for your CM/ECF account

Attached is documentation about NextGen CM/ECF for attorneys and pro se filers. This documentation includes instructions for linking your CM/ECF account to your PACER account. This documentation also includes instructions for accessing CM/ECF after your accounts are linked.

Please call the local NextGen CM/ECF Helpline at 605-357-2482 if you have any trouble linking accounts or logging into CM/ECF. Please contact the PACER Service Center at 1-800-676-6856 if you have any issues regarding your PACER account.
